This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010.

## **Aims**

1. We are committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.
2. Cherry Orchard plans, over time, to ensure the accessibility of provision for all pupils, staff and visitors to the school.
3. An Accessibility Plan will be drawn up to cover a three-year period. The plan will be reviewed annually.
4. The Accessibility Plan will contain relevant actions to:
  - Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.
  - Increase access to the curriculum for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this they are in breach of the DDA). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
  - Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.
5. We acknowledge that there is a need for on-going awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.
6. The Accessibility Plan will be published on the school website.

## **Legislation and guidance**

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.
